Residential, hospitality and interior design studies.

SELECTED WORKS / 2026

ARCHITECT AND INTERIOR DESIGNER

Design is *felt before* it is seen.

Manya develops interiors through spatial clarity, considered materials and precise detailing. Her work spans residential, hospitality and leisure proposals across India and Mauritius.

5+ YEARS EXPERIENCE

RESIDENTIAL DESIGN PROPOSAL

Hanish Residence

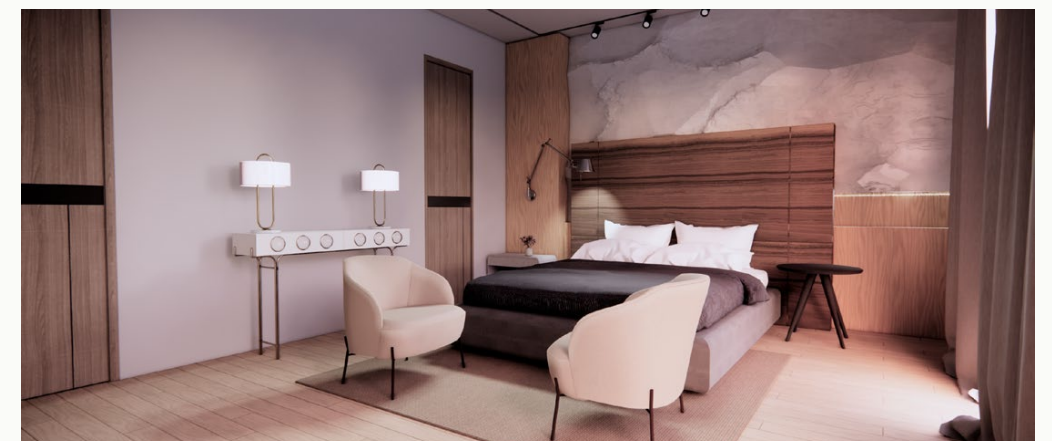

A 2,500 sq. ft. residential proposal in Mohali, exploring layered finishes and a composed approach to contemporary comfort.

MOHALI, PUNJAB

Planning and interior visualisation

Layers of comfort.

Timber, tactile surfaces and warm lighting give the rooms depth without overwhelming their proportions.

HOSPITALITY DESIGN PROPOSAL

CJ Hotel

Place and pattern.

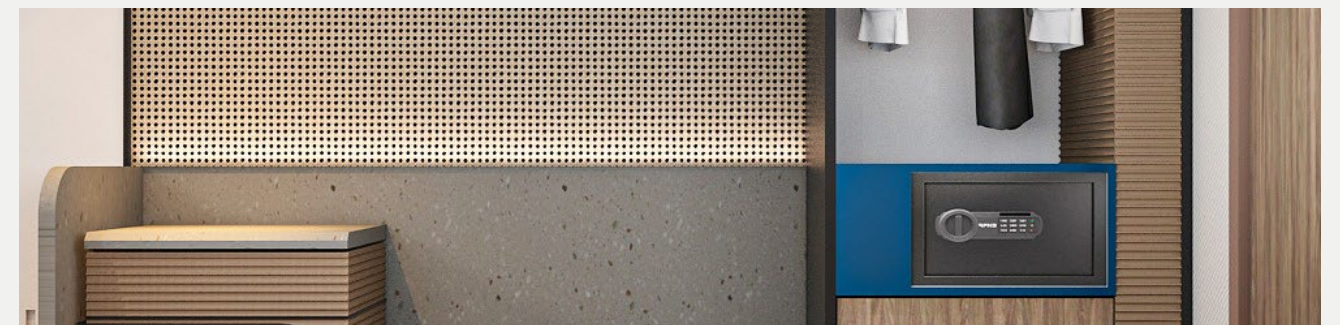

A hospitality concept referencing
Chandigarh's modernist language through
geometry, timber, textured surfaces and
light.

ZIRAKPUR, PUNJAB

A quieter guest experience.

Compact furniture, soft finishes and considered lighting are developed as one hospitality language.

Guestroom development

Visualisation and furniture detailing

LEISURE RENOVATION STUDY

Chandigarh *Club*

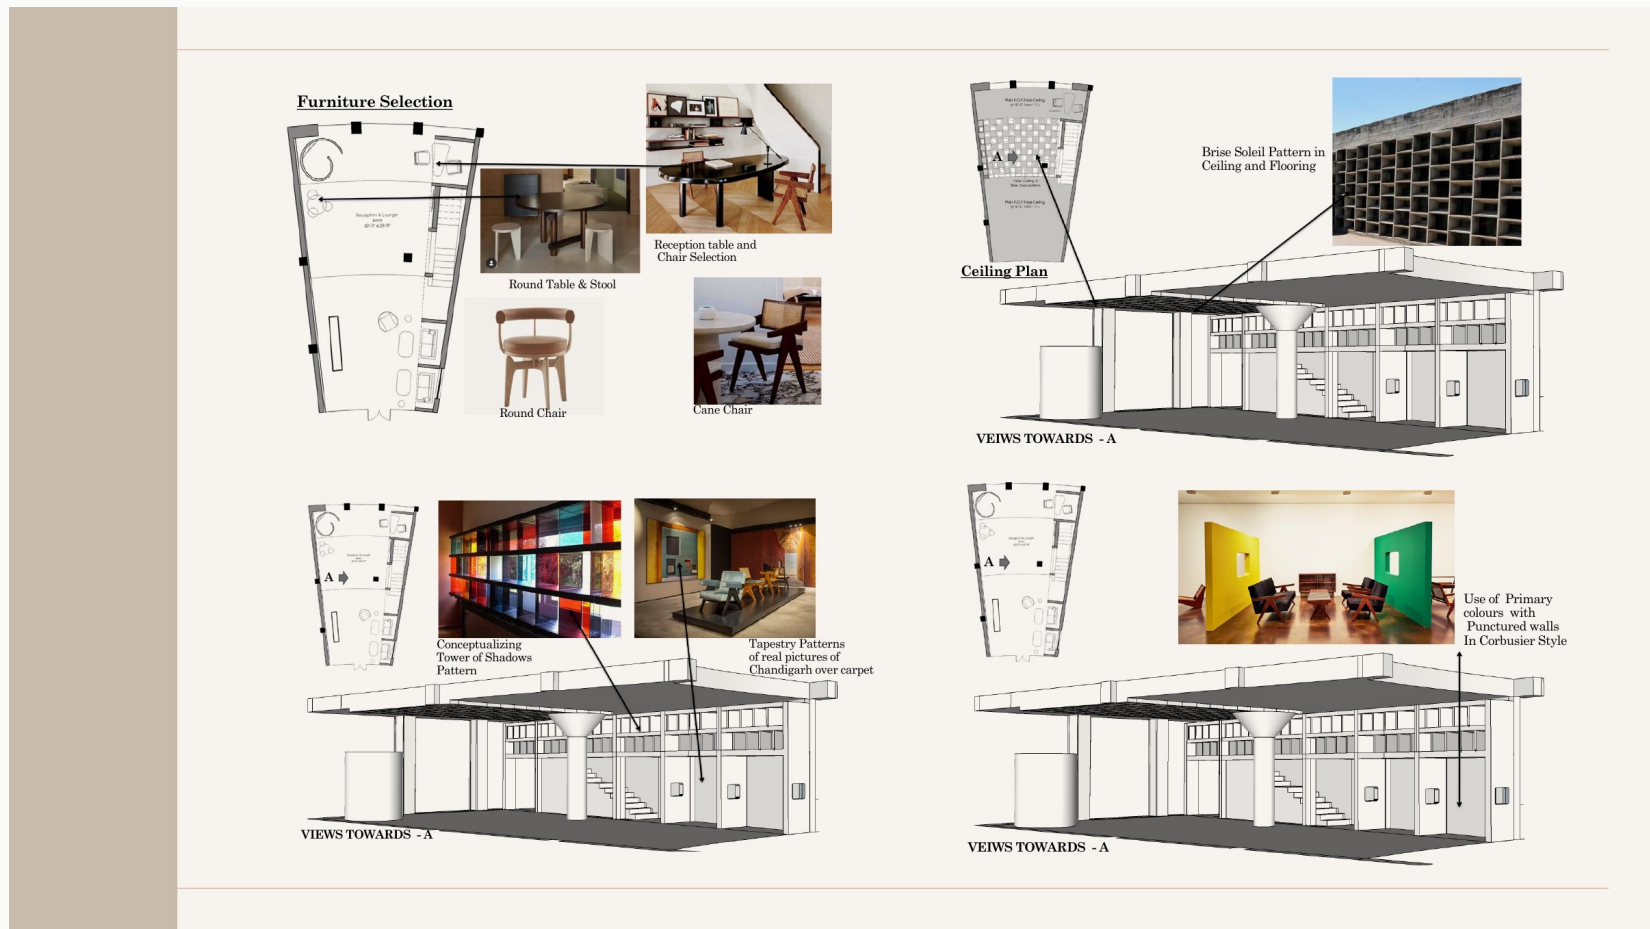

A reception and family-lounge concept informed by Chandigarh's modernist heritage, furniture forms and geometric planning.

RECEPTION / FAMILY LOUNGE

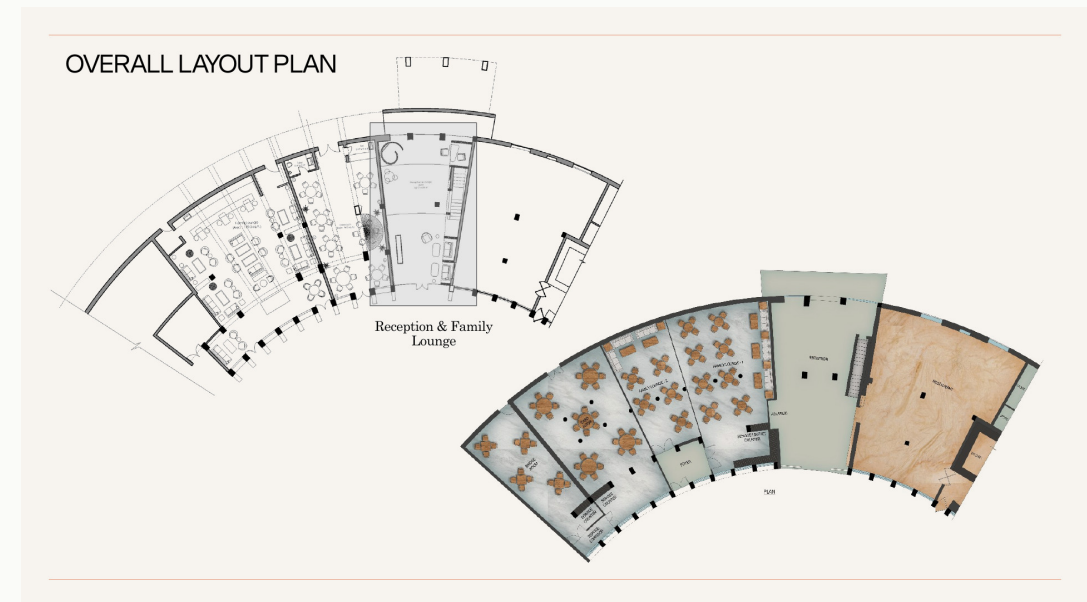

The idea behind the room.

Spatial planning, furniture choices and ceiling studies support the renovation direction.

CONCEPT DEVELOPMENT

SPATIAL PLAN

Interior visualisations.

Selected perspectives exploring warm materiality, expressive lighting and the relationship between adjoining spaces.

The material edit.

Three residential moodboard directions interpret colour, texture and pattern through distinct atmospheres.

Botanical depth

Bedroom / material study

Soft sage

Bedroom / material study

Indigo texture

Bedroom / material study

Softness, built in layers.

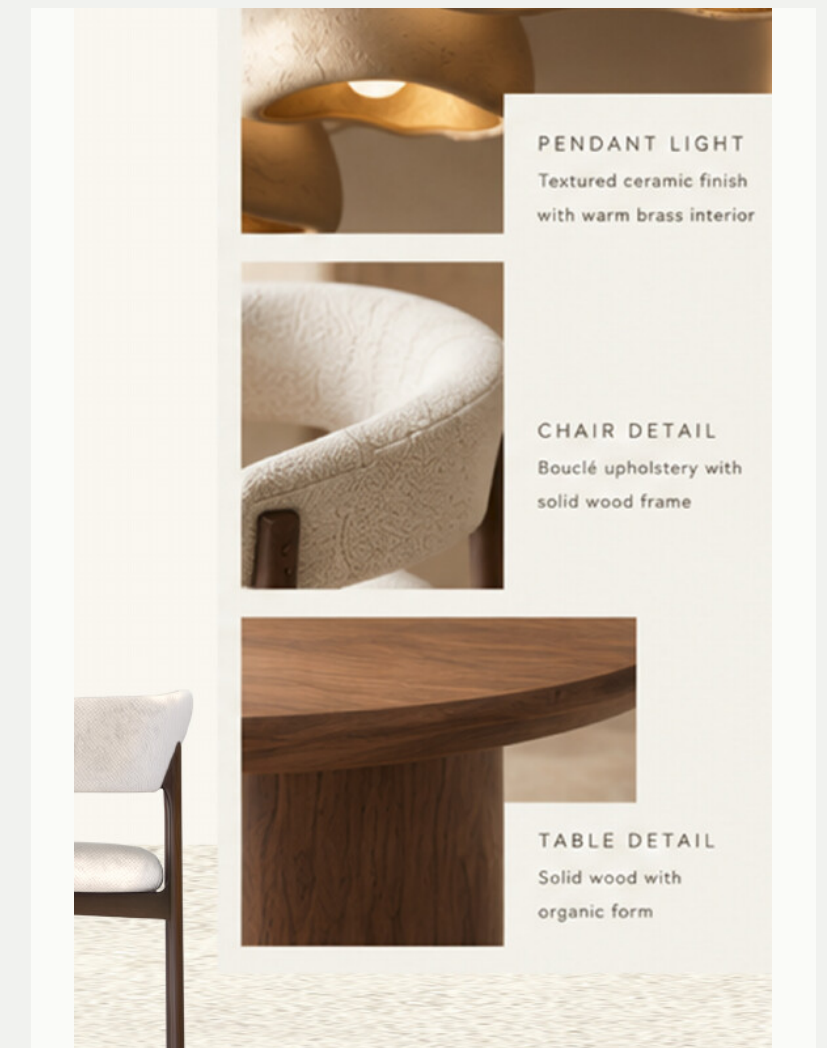

Soft minimalism

Warm modernism

A table for gathering.

An organic timber table, upholstered chairs and sculptural pendant lighting shape a welcoming dining direction.

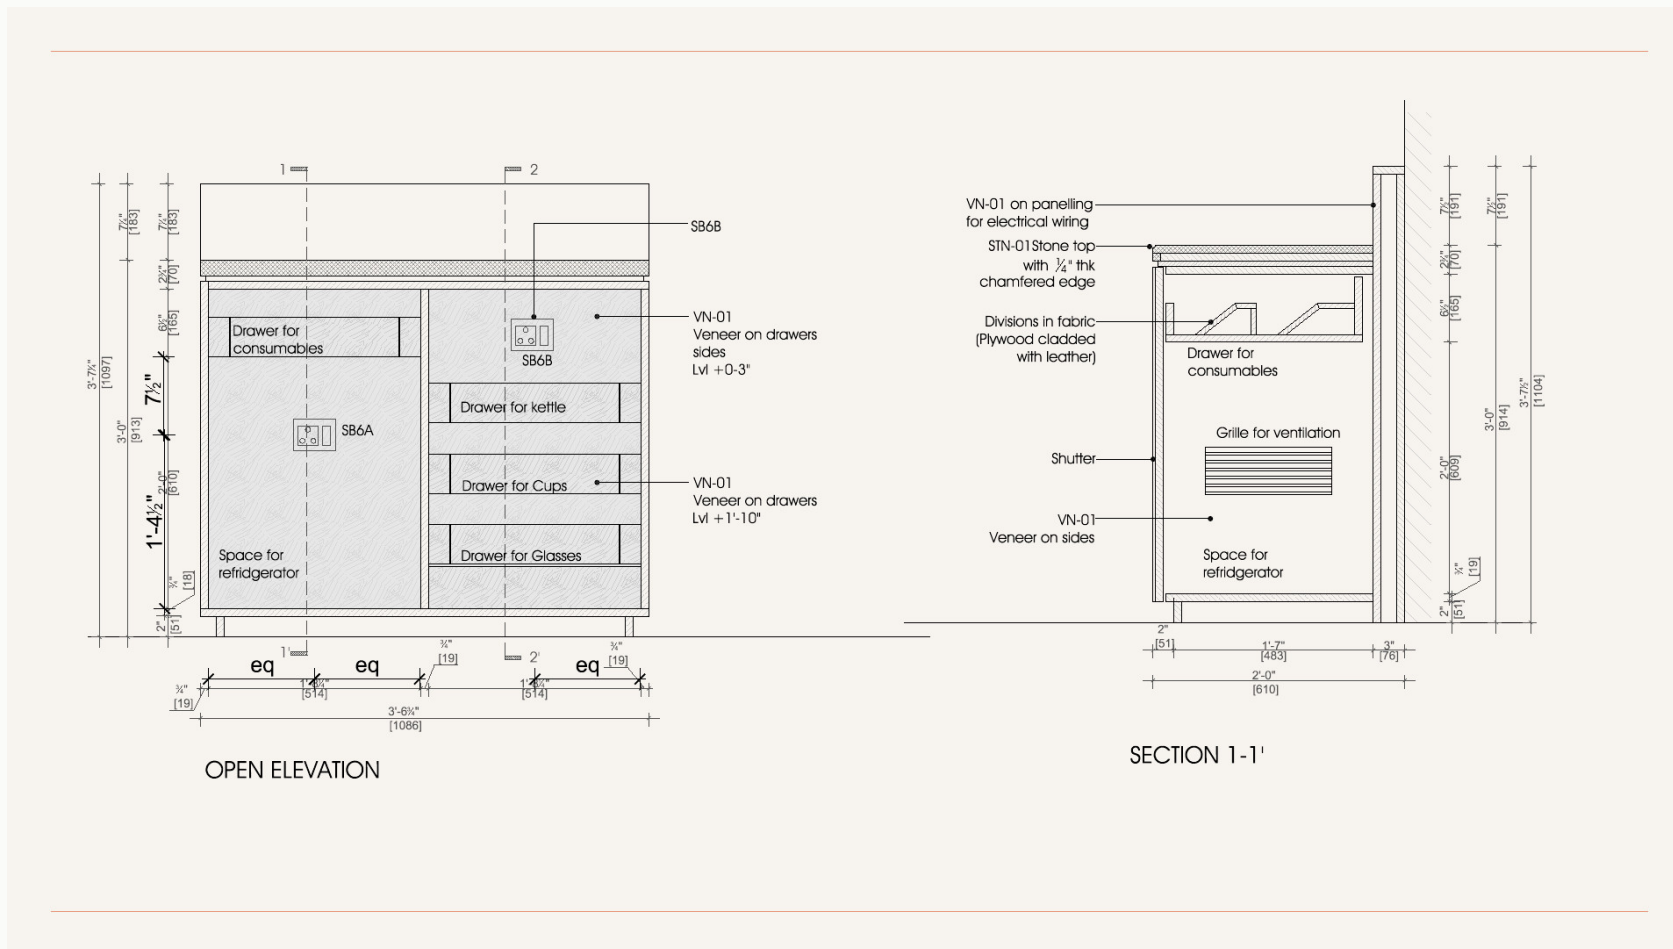

A room to linger in.

The media-room study brings tactile upholstery, timber and soft ambient lighting into a relaxed lounge environment.

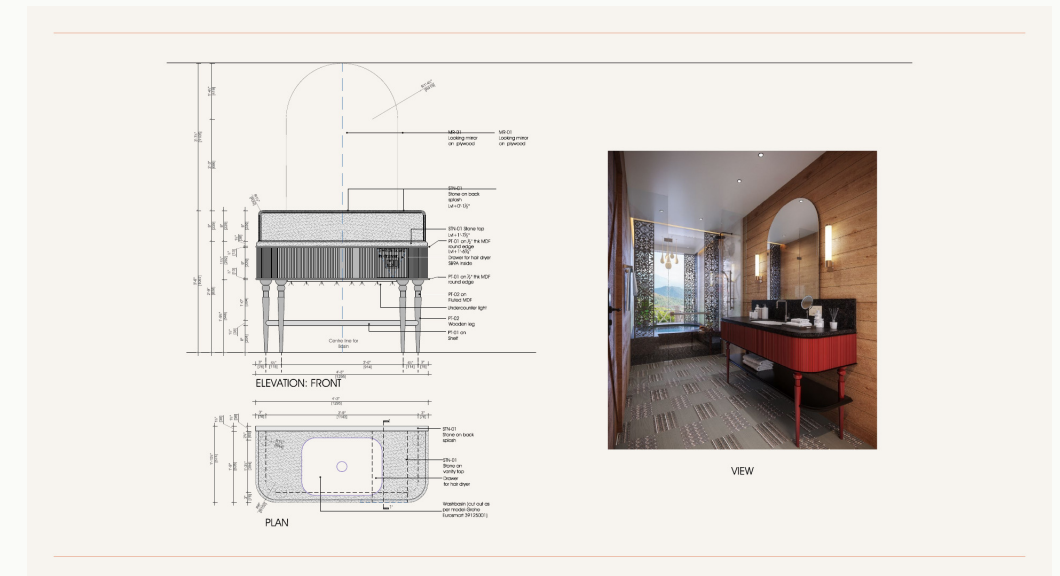

Behind the atmosphere.

Interior drawings and custom-detail studies connect design intent with spatial and material decisions.
